REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The present invention differs from the prior art in that the present invention is directed to querying for service providers. Service providers in this application are providers of service over the phone. Additionally the present invention requires that the query is partly based upon the quality of service that is based upon the evaluation provided during the live conversation with the service provider. This limits applicable service providers to only those who are able to complete service over the phone during a live conversation and can be differentiated from the other service providers for evaluation. As described in the specification many of these service providers are traditionally providers of service of 1-900 numbers. Therefore for the reason discussed above in addition to other that are not named the present invention distinguishes over the prior art. Claims 1-26 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See attached Notice of references cited (if appropriate).
